

19th ANNUAL UC Systemwide Bioengineering Symposium

June 21-23, 2018 | Historic Downtown Riverside

Mark your calendar! Hosted by UC Riverside and located at the Riverside Convention Center and the historic Mission Inn of Riverside, the 19th Annual UC Systemwide Bioengineering Symposium brings together students and scientists from all 10 UC campuses as well as industry partners. The event is a great opportunity to learn about cutting edge research occurring at the UC, form intercampus and industry partnerships, and enjoy the sights and weather of beautiful Riverside.

“Meeting biomedical needs
with cutting edge science
and technology”

Keynote speakers include:

- **Gilda Barabino**, Ph.D., Dean and Daniel Frances Berg Professor, The Grove School of Engineering, The City College of New York
- **Dori Borjesson**, Ph.D., Director, Veterinary Institute of Regenerative Cures, University of California, Davis
- **Milan P. Yager**, Ph.D., Executive Director, American Institute for Medical and Biological Engineering (AIMBE)

Join us as we recognize outstanding accomplishments in UC Bioengineering with competitions for best presentation by:

- Junior Faculty
- Student/Postdoc (Poster)
- Student/Postdoc (Platform)
- Senior Design Team

Poster Presentations in 7 Tracks:

1. Stem cells and regenerative medicine
2. Biomaterials and Drug Delivery
3. Biomedical Imaging
4. Computational Bioengineering
5. Molecular and Cellular Engineering
6. Neuroengineering
7. Medical Devices and Instrumentation

Marlan and Rosemary Bourns
College of Engineering
Bioengineering

Abstract submission and registration coming soon. Please bookmark our website for updates!
